Data Note(s)

- FLHealthCharts.gov is provided by the Florida Department of Health, Division of Public Health Statistics and Performance Management.
- Data not shown for quarters with counts 1 to 4 for hospitalizations and Emergency Department Visits.
 - Data not shown for quarters with counts 1 to 4 for Neonatal Abstinence Syndrome (NAS).
 - The state totals for the number of prescriptions dispensed may exceed the sum of the county totals due to some records having an unknown county.
 - Neonatal Abstinence Syndrome (NAS) Case Counts are reported two years after birth due to certification requirements, data linkage processes for deduplication of records and alignment with the NAS Case Definition.
